I SHALL PASS THIS WAY BUT ONCE THEREFORE ANY GOOD THAT I CAN DO OR ANY KINDNESS THAT I CAN SHOW LET ME DO IT NOW FOR I SHALL NOT PASS THIS WAY AGAIN.

INCLUDE THEM, TOO

General Robert E. Lee, leader of the rebel forces during the Civil War, has been awarded citizenship by Congress and the President. Although he might have been an honorable man and a great soldier, Lee led the military forces against his country and was responsible for the deaths of hundreds of thousands of American citizens.

Still waiting for the return of their citizenship rights are thousands of young Americans who chose not to serve in a way they believed to be immoral and illegal. In spite of the nearly common opinion that the war was at best a terrible mistake, these men are still regarded as criminals and as cowards.

They did not pick up guns and fight against their country as General Lee did -- they left their homes and their country in protest of its crimes.

The American people have given citizenship to Robert E. Lee, a traitor; now they must return citizenship rights to our exiled youth.

Unconditional amnesty must be given to all those who refused the draft or left the armed services in protest.

There also are thousands who were unjustly imprisoned and thousands more who did alternate service. These men must be paid for their time at wages comparable to those in effect in the general work force. They were unjustly taken from school or employment and forced to work at menial wages. Compensation must be made in an attempt to right the wrongs commited on them.

The benefits of the GI Bill must be extended to those who served their country through exile, alternate service, or detention.

Most important is the need for a change of attitude on the part of the American people. During this, our Bicentennial celebration, we pay homage to those who 200 years ago refused to obey unjust laws --who risked their lives for freedom of conscience. How much better it would be if we could show the same moral courage as that of our young men and proclaim them as the heroes they are!

# Uncle Sam Promises Help For College Students

For parents wondering how they are going to pay college education bills this fall, the U.S. Office of Education has a program that may help to solve the problem.

Under the program, known as Basic Educational Opportunity Grants, an eligible student may be able to receive anywhere from $200 to $1,400 a year to help pay for education expenses. The U.S. Government does not require repayment of such awards.

Eligibility for Basic Grants is based on financial need as determined by a formula which is reviewed by Congress every year and is applied uniformly to all applicants.

Basic Grants are available to students undertaking various forms of post-high school training as well as for college students. Students who have begun their post high school education after April 1, 1973, and are enrolled as at least half-time can qualify. They may attend any one of 5,800 eligible schools that include colleges and universities, vocational, technical or business schools, along with hospital schools or nursing.

The application deadline date is March 15, 1976, so it is not too late to apply for the coming 1975-76 academic year. A student applying up to this date can still receive a Basic Grant for this school year.

To apply for a Basic Grant a student must first complete and submit an "Application for Determination of Basic Grant Eligibility" for the 1975-76 academic years. These forms are available from high schools, colleges, libraries, or by writing Basic Grants, P.O. Box 84, Washington, D.C. 20044.

Within 4 to 6 weeks the applicant will receive a "Student Eligibility Report," which tells whether the student has qualified. When the report is received, it must be submitted to the financial aid officer at the school in which the student is interested in enrolling. The financial aid officer will then calculate the amount of the Basic Grant award.

A Basic Grant may not cover more than one-half of the total cost of education. This includes tuition, fees, room and board, books, supplies, and miscellaneous expenses.

# *Ernest W. Dunston Promoted at Sears*

Seattle resident Ernest W. Dunston has been appointed assistant store manager of Sears, Roebuck and Co. in Tacoma, according to announcement by Paul E. Armentrout, Tacoma general manager.

Dunston replaces Phil Shorten who advanced to the Seattle headquarters staff as operating and personnel manager.

In 1963 Dunston joined Sears as a stock handler in the Seattle Catalog Merchandise Distribution Center. After entering the college training program in 1966, he served in the catalog merchandise buying offices. In 1970 he was named assistant personnel director.

Two years later Dunston was promoted to personnel management of the Sears Tacoma store and in 1973 was appointed merchandise manager softlines in Everett.

Dunston graduated from Seattle University in 1964 as an education major. He is remembered for his performance in inter-collegiate basketball at Seattle U. and service to the CAYA. He has recently served as president of the Seattle U. Black Alumni Association.

## *City Council Candidate Challenges Opponent's Residency*

Mrs. Bil Moss, City Council Candidate from the third district has asked City Attorney Robert Hamilton to clarify the residency status and eligibility of Mr. Harold E. Nielsen, Jr., one of her opponents in the September 16 primary. Mrs. Moss pointed out that Section 2.2 of the City Charter requires that district candidates be "residents of their district for one year immediately preceding the time of filing as a candidate."

Mrs. Moss added, "Last July during a formal council meeting, Councilman George Nalley asked Mr. Hamilton what constituted residency. At that time, Mr. Hamilton said that physical presence, as well as intent, was required."

"It is interesting to note," Mrs. Moss continued, "that the Polk City Directory for 1975 lists Mr. Nielsen's current address at 1207 South Fife as being vacant for the past year. And although Mr. Nielsen did buy the house at that address over a year ago, records indicate that a telephone has only been installed in his name since July of this year."

My information is that Mr. Nielsen has lived outside the district at 2909 North McCarver with his parents up to this summer even though he has been a registered voter at the South Fife address. All this may or may not add up to a violation of the City Charter, however, it appears to me that it certainly does violate the spirit and intent of the district concept".

Mrs. Moss concluded, "Personally, I believe very strongly in the diversity of representation promised by the district system. As I understand it, the districts were set up so that every section of the city could be represented on the council. It does not seem feasible to me that one could move into a district within a month before candidate filing time and be able to properly represent that district."

## Letter of Interest

EDITOR'S NOTE: The letter reprinted below is from the Minority Concerns Task Force to Mr. Harold Moss, Project Director of the Action Committee for Minority Employment In Construction.

Dear Mr. Moss:

This letter is in reply to your memorandum, dated August 1, 1975. The members of the Minority Concerns Task Force have expressed their extreme concern with the Home Town Plan and the Action Committee For Minority Employment (A.C.M.E.).

One area of concern to the Minority Concerns Task Force is with the A.C.M.E.'s lack of compliance activities, in accordance with the requirements of the Office of Federal Contract Compliance (O.F.C.C.). It is the responsibility of the A.C.M.E. to file a monthly progress report with the O.F.C.C. This report is supposed to show the number of minority apprentices in their program and how many program participants are placed on jobs. This required reporting has not been done in the last three years. Because of the A.C.M.E.'s lack of voluntary compliance, a representative from the O.F.C.C. has recommended that it be placed from a category I status, which presently allows their contractors to only be signatory to the Home Town Plan, to a category II status, which will require each of their contractors to write their own affirmative action plans. The Minority Concerns Task Force is in full support of this recommendation.

The second area of concern to the Minority Concerns Task Force involves the goals which A.C.M.E. has set. As of this date, the 1971 projected goals have not been met.

In February of this year, (some six months ago), the Minority Concerns Task Force expressed some of the above concerns with the A.C.M.E. and stated that we were to the point of frustration and wished to withdraw from the Home Town Plan. At that time we were told that if we would not withdraw our name, we would be supplied with copies of the reports that were to be sent to the O.F.C.C. As of this date we have not received a report of any kind from that committee.

In lights of our dissatisfaction, we hereby submit this letter as a formal withdrawal from the Home Town Plan and remove our name from any affiliation with it or the Action Committee For Minority Employment.

Sincerely,
Melody Olsen
Chairperson

## Teenage Alcohol Problem Does Exist In Tacoma

Teenage alcoholism is a realization in Tacoma. It is way out of proportion. Schools have experienced alcohol. At parties you almost always run into alcoholic beverages. More teenagers all the time are turning to alcohol. Why do youth find themselves relating to alcohol? The Community Alcohol Center feels that it's probably because of peer pressure or because they want to seem big. Some people do it just for the high. The Center's staff says usually the alcohol abusers are 16 through 18 years old, but that a new issue bringing lots of concern is coming up - now the ages have lowered to pre-teens. Kids as young as 11 and 12 are now drinking.

Some teenagers drinking habits restrict their other activities. Those holding jobs can't develop good job skills - they begin to neglect responsibilities.

Many teenagers believe that drinking makes them open up and let loose. They feel that it can make them talk easier and relate to things in a realistic way. These are all misconceptions. One symptom of an alcoholic is frequent memory blackouts. The nervous system will definitely be affected. Just small amounts of alcohol in the blood affect vision judgement and muscle control. Larger amounts seriously block your senses and mental ability. Problems will start piling up on you.

The Community Alcohol Center has ways to deal with these problems. Right now the Center is looking toward a youth program, something set up specifically for youth. They want to educate teenagers on alcohol. Let them know the straight facts and give them some insight. Most importantly they want to make the youngsters aware of themselves and what they want. They want to eliminate alcohol in that person's life and substitute it with something better.

There are 100 million persons over 15 years old that drink and of these, an estimated 9 million are alcoholics. Teenagers are the victims of alcohol. This is not a good sight.

In the driving scene, things don't look too good either. There are many teenage drivers and teen involvement in auto accidents has increased. Says Washington State Patrol, many of the teens were intoxicated, when involved.

Youth's bodies are trying to develop and mature but if they continue to poison themselves with alcohol it will only lead to the destruction of their bodies and minds. Thank about it. You're only hurting yourself.

The Community Alcohol Center is located at 3591 South "D" Street. For further information on teenage alcoholism, please call 593-4296.

## Council Candidates at Task Force

Candidates for City Council will be at the Model Cities Task Force Sept. 8 to speak and answer questions.

The meeting will be held at McCarver School at 7:30 p.m. Each candidate will be given five minutes to speak then the floor will be opened for the audience to ask questions of the candidates.

All eight council positions are up for election this fall because of the change in council structure to have five council members represent geographic districts and three run at-large. Thirty candidates are seeking the eight positions.

The task force session will allow those attending to make their selection of candidates before the Sept. 16 primary election. The general election will be held Nov. 4.

## Something To Think About

BY Barbara Henderson

Now that school has started, athletes are getting ready for the grid and teachers are piling the homework on. Now you must readjust. Get ready for the long boring classes and the hard and painful football practice. Bellarmine students experienced their first day Tuesday. It's hard to just jump back into a classroom atmosphere. That's why we have to be ready. Don't be discouraged. Get in them books. School may be hard and boring but if you are a strong-willed person then you will be able to deal with your teachers and your classes. So, be cool because it's not gonna harm you - it can only benefit you.

## Thinking Out Loud

By Edna Jackson

MY OLD LADY.....

God, how I hate that term but so many men call their wives that until it seems like a loosing battle to tell them otherwise. My husband started saying it to me but I think I broke him up of it before it got firmly entrenched. I try not to say anything to men about it when they are referring to their wives unless I know them fairly well but I absolutely must let them know that I'm a wife if they're referring to me. And why should women tolerate being called "old lady" just like an "old shoe", "old dress" or old shirt". The term seems to connote something worn out or used up and though that may be the case of most women after working all day at an outside job and then coming home to cook, wash dishes, fold clothes, iron, sweep, etc., I sure wouldn't want to be referred to in such an off-hand manner. So, hopefully, men will educate themselves to know that it's not a very nice name and women will educate themselves not to tolerate it.

## Neighborhood Youth Sponsor Skating Party

The Model Cities Youth, Recreation-Culture, and Education Task Force will sponsor a skating party Sept. 15 at Tacoma Roller Bowl, 7455 S. Tacoma Way.

The party will begin at 7 p.m. and last until 10 p.m. Prizes will be awarded to the best skater and the best dancer on skates.

The public is invited for a donation of a $1.50 to cover skate rental.

## 50th Wedding Anniversary

Mr. and Mrs. John D. Thomas will be honored on their golden wedding anniversary with an open house and reception Sunday, September 14 to be given at Wilson's Chuch Wagon by their son-in-law and daughter, Mr. and Mrs. Richard K. Fox, Sr. and family.

Out of town guests will include a foster daughter from Detroit, Mich., nieces, nephews and counsins from Los Angeles, California, Birmingham, Alabama, Detroit, Michican and New York State.

## 'Getting The Word Out'

The Washington Commission for the Humanities has awarded a grant to Tacoma Community College, co-sponsored by Minority Concerns Task Force, N.O.W., Y.W.C.A. of Tacoma and Pierce County and Women's Political Caucas, funding a Town Hall Meeting entitled, "Getting The Word Out", which will be presented Thursday, September 4th, from 3:00 to 7:00 p.m. at the Shiloh Baptist Church, 1211 S. "T" Street.

Dealing with public policy issues, The Town Hall Meeting hopes to provide an experience whereby diverse groups of community citizens will come together to discuss education and employment, specifically that concern minorities in Tacoma and Pierce County, as well as develop and present alternative solutions.

Complimentary "finger food" will be provided.

## School Lunch Prices Stay Same

Tacoma Public Schools will hold the line on school lunch prices this year...at least for the time being.

That's the word from the district's director of food services, Mrs. Melba Rollefson. But she cautioned that inflation has greatly increased food prices and any change in federal support levels could change the picture.

The prices for a regular lunch, including milk, will continue at 35 cents in elementary schools, 40 cents in junior high schools, and 45 cents in senior high schools. Students may purchase milk for five cents.

## The Black Businessman of the Week

The Black Businessmens' Association is proud to present their choice for Black Businessman Of The Week of September 8, 1975. He is Mr. Jim Owens of 4506 N. Bristol, owner of Owen's Upholstery Shop at 2145 S. Kay St.

Mr. Owens learned upholstery through vocational training at Parker High School in Birmingham, Alabama. Then he worked in an antique shop, re-upholstering and refinishing.

He was born in Alabama. He's married and has six children. He's a member of the Church of Christ Temple located at S. 14th and L. Streets. He's an army veteran of World War II and is a member of the Black Businessmen's Association. He was a meat cutter at Hygrade Packing Company prior to going into business for himself.

He moved to Tacoma in 1950 to join relatives. He had the ability but couldn't borrow the money necessary to capitalize his start. A white gentleman in Fircrest came to his aid and gave him some upholstering work to do....so he could prove himself to the community. From this first job, the same gentleman gave him other referals from his neighbors, and Mr. Jim Owens was on his way.

He opened his present location in 1960. He has a van and there's no extra charge for him to pick up your furniture and deliver it right back to your door. He specializes in automobile upholstery and regular household upholstering jobs.

His equipment roster includes spring setters, a band saw, an air compressor, sewing machines and saws. He says, "These aren't enough, it also takes patience and the determination to do a good job." Owen's Upholstery has participated in such job programs as the Western State Hospital Program and the McNeil Island Convict Rehabilitation Program.

His advice to the community is simply this, "Black youth, stay off the streets and find something productive to channel your activities into."
